

# MICRO-CREDENTIAL PROGRAM

## ABOUT OUR MICRO-CREDENTIALS

To realize Cabrini’s mission of developing leaders with purpose, the NLI has launched digital credentials through Credly to enhance learning beyond the traditional classroom. NLI’s digital badge initiative allows individuals and organizations to upskill or reskill through innovative courses. The digital badge programs partner with highly skilled subject matter experts to offer research-validated learning in a way that both educates and engages. This is your opportunity to earn a new micro-credential for today’s digital world. See [nerneylead.org](http://nerneylead.org) for more information.

## OUR MICRO-CREDENTIAL FORMAT

Our micro-credentials can be completed in 1-2 hours asynchronously, which means that they are cost-effective. Their overall flexibility allows them to be incredibly useful for working adults.

## ADVANTAGES OF MICRO-CREDENTIALS

A micro-credential can be highly focused on a specific topic because of its short format, which allows the learner to get the most out of their time invested while also being low risk. Micro-credentials also have the potential to stack, which allows the learner to go through multiple micro-credentials and come away with multiple connected badges. Going through a micro-credential is a simple way for the learner to add to their résumé or gain some applicable skills for the workplace to increase performance.

## BECOME A LIFELONG LEARNER

In today’s market, it’s incredibly important to embrace a growth mindset and continue learning and developing skills. Engaging in a micro-credential is a simple and effective way to continue learning, wherever you are in your career.
